Buy now from ThemeXpose.com

Dribbble template Install Instruction

1. Download template file. There are 3 files and one folder in download package:
 - Bloggytemplate.xml
 - Install instruction
 - Sample data.xml
 - Folder: plugins (contain: aboutme.txt; menu.txt; aboutmefooter.txt)
2. Open template file in a word editor such as NotePad, Notepad++
3. There is one element we have to edit directly in the code : the post author biography, a small text box under each post.

After open template file in Notepad, find this block code:

<!-- Author biography starts here -->

<div class='author-post clearfix'>

class='col-lg-3 col-sm-3 col-xs-12'>

<div class='author-img'>

**

</div>

</div>

```

<div
class='col-lg-9 col-sm-9 col-xs-12 author-title'>

    <h2><a href=" rel='author external' title='Visit admin's website'>admin</a></h2>

    <span class='author-position'>Developer</span>

    <p class='author-desc'>Author biography goes here</p>

    <div class='author-social-media'>

        <ul>

            <li class='home'><a href='#' target='_blank'><i class='fa fa-home'>/></a></li>

            <li class='behance'><a class='has-tooltip' data-original-title='Behance' data-
placement='top' data-toggle='tooltip' href='#' target='_blank' title=''><i class='fa fa-behance
'>/></a></li>

            <li class='dribbble'><a class='has-tooltip' data-original-title='Dribbble' data-
placement='top' data-toggle='tooltip' href='#' target='_blank' title=''><i class='fa fa-dribbble
'>/></a></li>

            <li class='facebook'><a class='has-tooltip' data-original-title='Facebook' data-
placement='top' data-toggle='tooltip' href='#' target='_blank' title=''><i class='fa fa-facebook
'>/></a></li>

            <li class='user_email'><a class='has-tooltip' data-original-title='Send E-mail'
data-placement='top' data-toggle='tooltip' href='#' title=''><i class='fa fa-envelope '>/></a></li>

            <li class='rss'><a class='has-tooltip' data-original-title='Rss Feed' data-
placement='top' data-toggle='tooltip' href='#' target='_blank' title=''><i class='fa fa-
rss'>/></a></li>

        </ul>

    </div>

</div>

</div>
<!-- Author
biography ends here -->

```

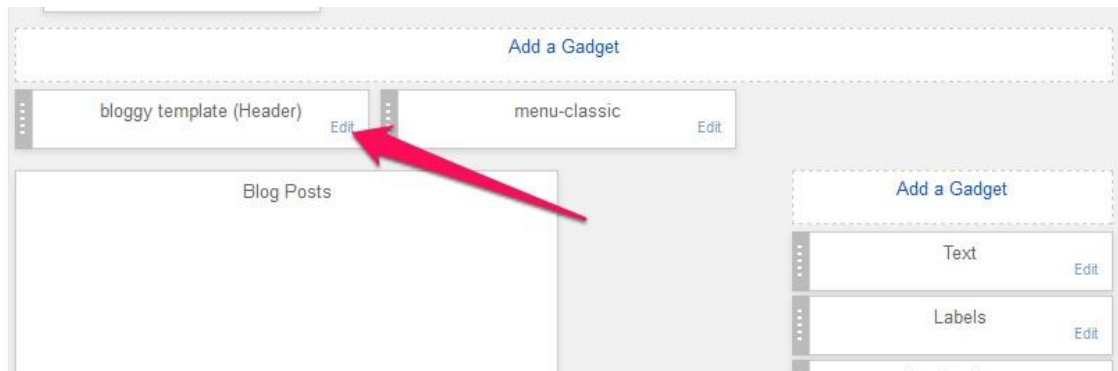

You can add your own link instead of '#' and your bio to the code above.

4. Save template and upload it to Blogger
5. Go to Blogger → Settings -> Language and formatting
In Timestamp format, choose the option display mm/dd/yyyy
6. Go to Blogger Dashboard -> Layout
7. To edit Header logo

logo header

Click on edit link in header, and upload your own logo.

Remember to choose the option: Instead of Blog title and description.

Blog Title

Blog Description

Image 

[Remove image](#)

Placement

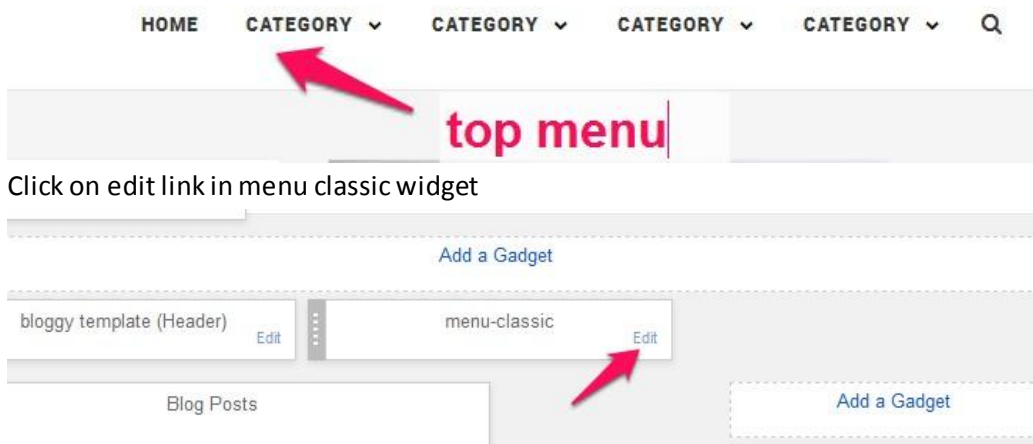

☐ Behind title and description

☒ Instead of title and description

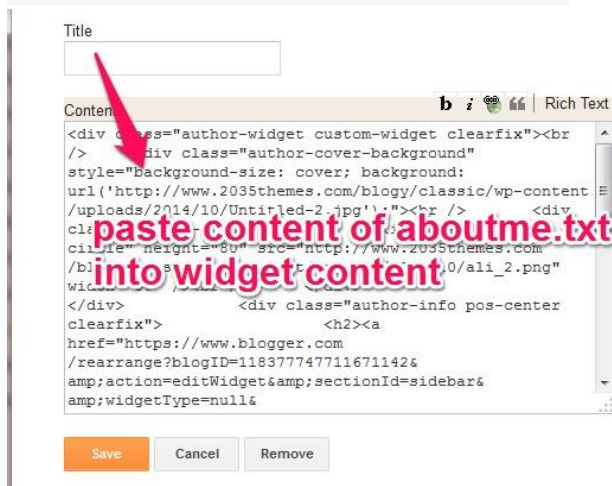

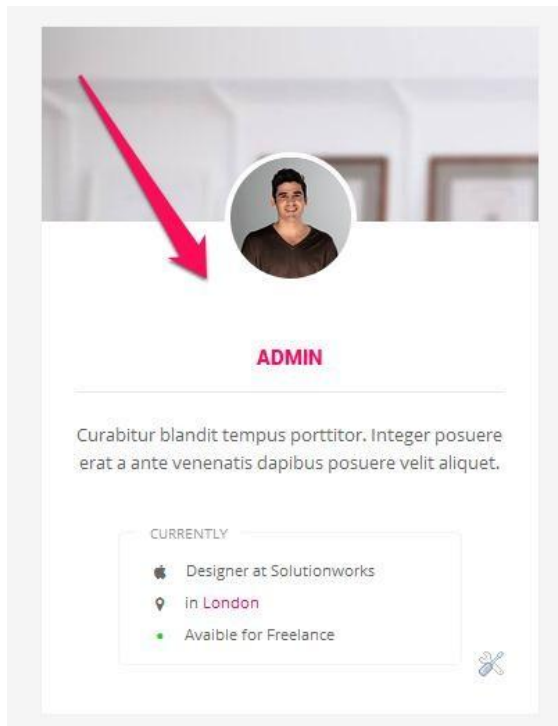

☐ Have description placed after the image

[Save](#) [Cancel](#) [Remove](#)

8. To add top menu navigation

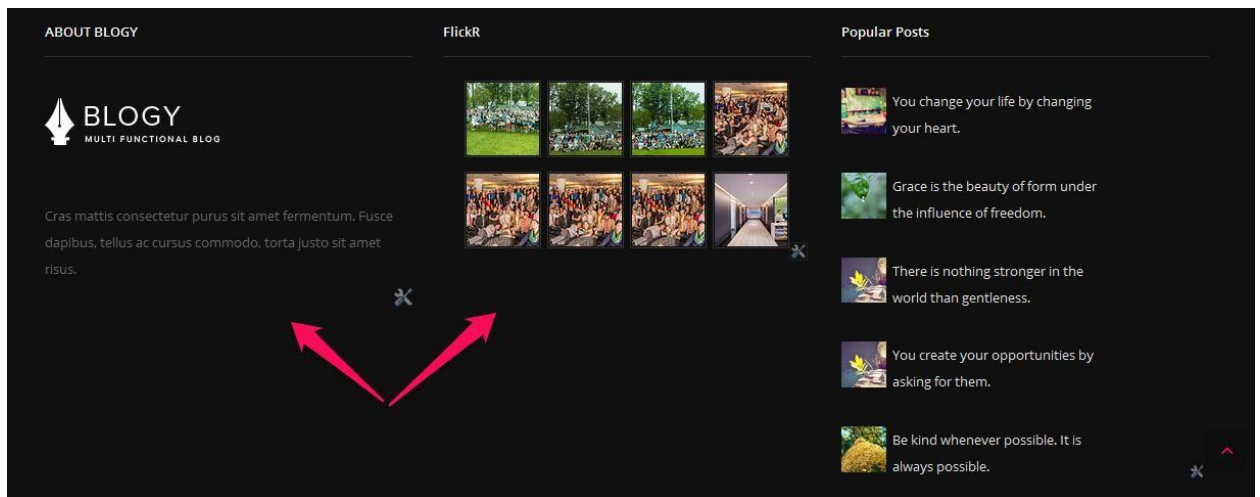

Paste the content of file menu.txt in folder plugin into widget content. Please remember to change the link accordingly.

Other widget in sidebar can be unchanged. You can add/remove other widgets as your want.

11. There are 3 widgets existed in footer: Text, Flickr and Popular Posts. Widget Popular Posts already set up as the one in sidebar, so you don't need to take any action. Only work on Flickr and Text widget.

- For the text widget in footer, you can add any content you want, or copy the sample content in file aboutmefooter.txt and then modify them.
